What K-pop gets right

Collect — Photocards fans trade to complete sets

Hold — Official lightsticks in each group’s design

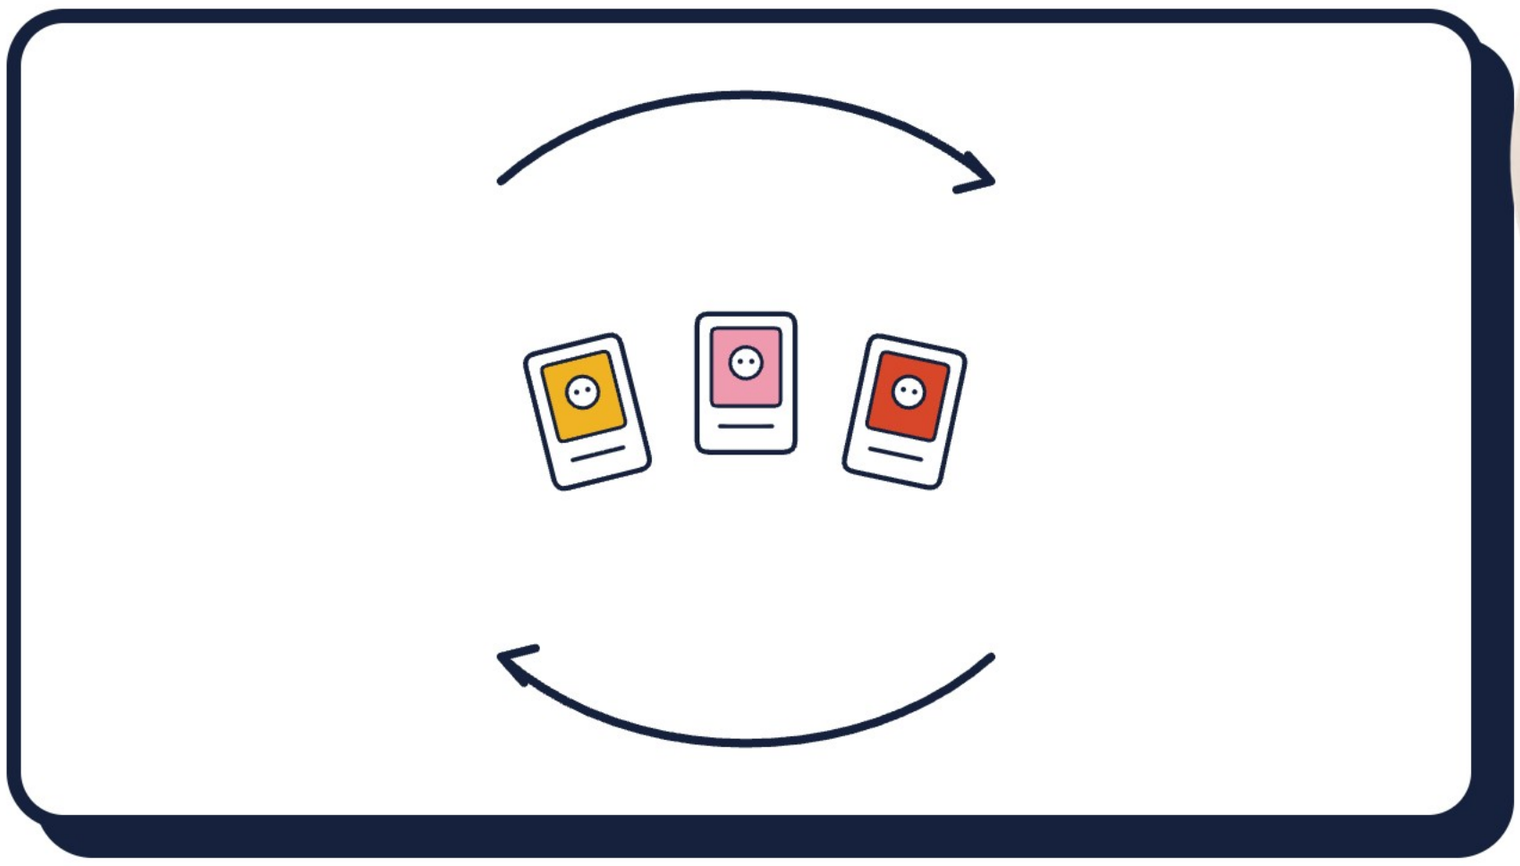

Belong — A name for the fan community

01

Give them something to keep

A card, a pin, a print, a pack worth displaying.

Objects get shown, swapped and talked about.

02

Recognisable at a distance

A lightstick is spotted across a stadium.

Give your brand a shape or colour that works the same way.

- One distinctive shape
- One signature colour

Use it with care

Real community Only name one that already exists

Fair collecting Reward fans without making them gamble

Moments Releases people count down to

Give people something to hold, show and swap.
