Fonts are brand assets

Baemin has released a free Korean typeface on Hangul Day most years since 2012.

Hanna, the first, copied hand-painted shop signs and started the “B-grade” type style.

Stores are stages

Gentle Monster

Seongsu building run as installations

Musinsa

Megastore with an always-on pop-up zone

Seongsu

More pop-ups than anywhere in Seoul

Fintech made friendly

Plain copy

Short sentences, no banking jargon

One number

One big figure per screen

Toss Face

Its own emoji set, free since 2022

B-grade humour sells

Street-sign type, meme formats and silly copy sit next to polished photography.

It works because it feels local and self-aware.

Copy that sounds like a friend

Translated corporate slogans

In Korea, design moves fast and talks back.

Taking a Western brand into Japan, Korea or wider APAC?

Give me a shout
